Two Fiberglass Folding Rules Built To Last

Built to withstand the rigors of the worksite, Klein Fiberglass Folding Rules really measure up. These 6' flexible folding rules are constructed of tough nylon reinforced with glass fibers for durability and resistance to weather, abrasion, and most chemicals.

Features

Engraved on both sides and both edges, graduations to 1/16ths.

Easy-to-read black boldface markings on yellow, with red stud center markings every 16 inches.

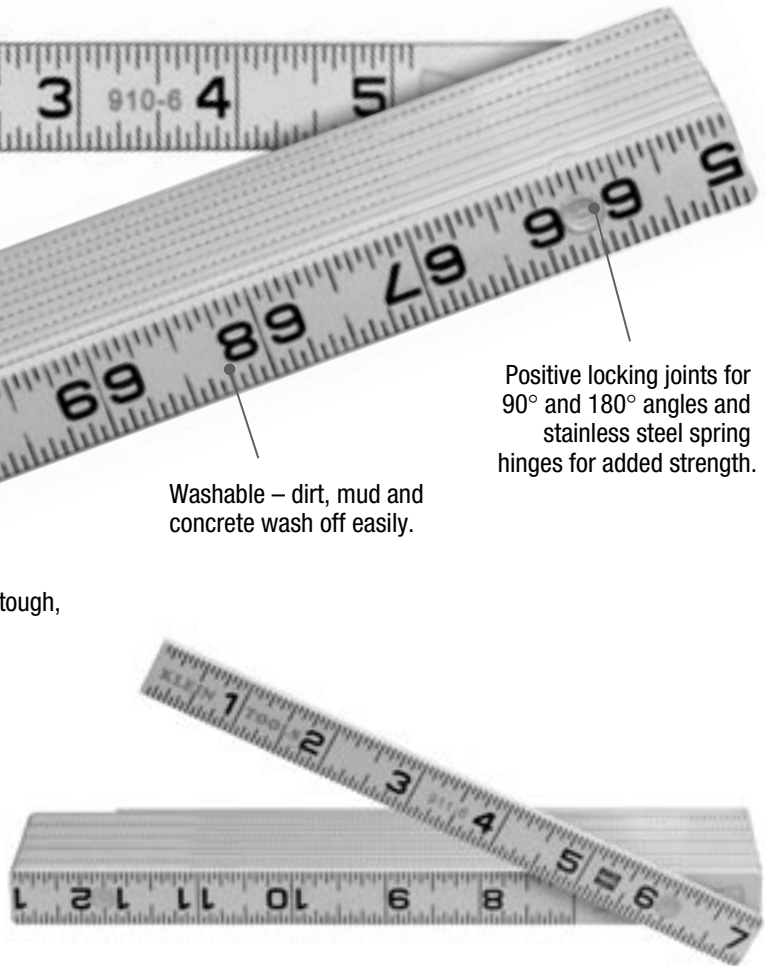

Waterproof – will not warp or peel in wet weather.

Positive locking joints for 90° and 180° angles and stainless steel spring hinges for added strength.

Washable – dirt, mud and concrete wash off easily.

Constructed of tough, flexible nylon.

6-foot inside flat-reading rule.

⚠ WARNINGS: Always wear approved eye protection.

Made in Switzerland

Available in outside reading Cat. No. 911-6.
