

24" Aluminum Level with Rule

Model #: 1300-2400
UPC: 049448130023

Work easier, faster and smarter with this I-beam level. Its corrosion-resistant aluminum frame is durable to ensure a long working life, and that frame is protected by shock absorbing end caps if the level is accidentally dropped. The level also comes equipped with durable acrylic vials for easy reading at different angles as well as a top read window allowing the user to stand over the work to view the vials. Marking cuts, centerlines and drill points is simplified with the level's ruled working edge.

PRODUCT DETAILS

- Aluminum I-Beam Frame
- Top-read window

Warranty Lifetime Accuracy Warranty

APPLICATION

This I-beam level is ideal for general contractors and drywallers, although its versatility makes it a must-have for homeowners as well. The ruled working edge simplifies marking layout points and lines, ensuring accuracy and eliminating tape measures for small jobs.
