

12" Magnetic Aluminum Reinforced Torpedo Level

Model #: 1421-1200
UPC: 049448142118

Find plumb, level, 45° and pitch to 1/2" per foot quickly and easily with Johnson's 12" magnetic torpedo level. Its top-read window lets you view the level vial easily from any angle, and Johnson's SurroundView® vial surrounds reflect ambient light, making the vials easy to read. Its magnetic edge allows for convenient hands-free use on ferrous metal surfaces, while the V-groove frame fits on pipe and conduit.

PRODUCT DETAILS

- Magnetic working edge allows for hands-free use on ferrous metal surfaces
- Aluminum reinforced frame
- SurroundView® vials reflect ambient light for easy-read
- V-groove frame fits on pipe and conduit
- Top-read window for easy viewing
- Tapered design fits in tool pouch or pocket
- 4 vials read plumb, level, 45° & Multi-Pitch®
- Multi-Pitch® vial read slope in 1/8" increments

SPECIFICATIONS

Accuracy 1 mm/m
Warranty Lifetime Accuracy Warranty

APPLICATION

This 12" magnetic torpedo level is especially well suited to plumbers, since the MultiPitch® vial can read drainage slope up to 1/2" per foot, but this level is also well suited to general construction applications to find plumb, level or 45°. The magnetic edge and V-groove frame fits perfectly on pipe and conduit, also making it ideal for electricians.
