

12" Magnetic Torpedo Level

Model #: 1435-1200
UPC: 1435-1200

With four vials, this 12" magnetic torpedo level accurately measures plumb, level, 45° and slope. Its solid aluminum frame is highly durable to survive even the toughest jobsite abuse. It was also designed to be easy and convenient to use - its top-read window lets you view the level vial easily from any angle, and the SurroundView® vials are larger than the competition's at 1/2" diameter, and reflect ambient light, making them exceptionally easy to read. This level also features powerful GripTight™ magnets that hold to flat or round ferrous metal surfaces for convenient, hands-free use, while the V-groove frame fits easily on pipe and conduit.

PRODUCT DETAILS

- Powerful GripTight™ v-groove rare earth magnets hold to flat or round ferrous metal surfaces

- 4 vials read plumb, level, 45° & Multi-Pitch®
- Multi-Pitch® vial reads slope in 1/8" increments

SPECIFICATIONS

Accuracy .75mm/m
Warranty Lifetime accuracy warranty

APPLICATION

This 12" magnetic torpedo level can be used in any number of jobsite applications to find level, plumb, 45° or slope. The MultiPitch® vial makes this level particularly suited to plumbers completing drainage work, and the magnetic V-groove frame fits perfectly on pipe and conduit, making it equally suited to electrical contractors. The oversized 1/2" vials and SurroundView® also make this level easy to read on darker jobsites.
