- GripTight™ non-slip end caps hold level in place with just one hand

SPECIFICATIONS

Accuracy .5mm/m
Warranty Lifetime Guarantee

APPLICATION

Versatility is key with this level as it can be used in any number of jobsite applications such as framing, finish carpentry and concrete work. Its GripTight™ end caps hold the level securely in place with just one hand and are removable, making them ideal for finish carpentry work when scribing lines into corners. This non-magnetic box level is preferred when working with wood or concrete. For use on steel studs or doorframes, consider the magnetic model 1718 box level.
