

100' Job Site™ Open Reel Fiberglass Tape

Model #: 1808-0100
UPC: #049448801008

You can count on Johnson's open reel fiberglass tape to make your next long measuring job easy and accurate. This 100' tape features a two-color blade with a white inch scale and a yellow inch engineer's scale, making measuring quick and easy. It was also ergonomically designed, with a rubberized hand grip that is comfortable and won't slip in your hands. The tape is highly durable, with a steel end hook and rugged, high-impact ABS case.
