

# Self-Leveling Cross-Line Laser

**Model #:** 40-0912  
**UPC:** #049448091201

Cross-line laser levels offer the highest value of any type of laser: they're extremely versatile, easy to use and inexpensive. Johnson's self-leveling cross-line laser projects two crisp, clean laser lines simultaneously - one vertical and horizontal. It features a 360° graduated base makes angle layout a snap, and its locking mechanism protects the inner pendulum during transportation. Thanks to the laser's visual out of level indicator, you'll never need to worry about accuracy - if the laser can't self-level, it will alert you by flashing the beam.

## PRODUCT DETAILS

40-0912 Includes > Laser, 3 "AAA" alkaline batteries, and soft-sided carrying case

- Self-leveling
- Interior horizontal and vertical layout
- Locking mechanism protects inner pendulum during transportation
- 360 degrees graduated base allows angle layout
- Emits cross line lasers
- Projects vertical and horizontal laser lines simultaneously
- Visual out of level indicator
- 5/8" - 11 thread

## SPECIFICATIONS

Accuracy	+/-1/4"/35' (+/-0.6mm/m)
Battery Life	Approximately 12 hours continuous use
Center Screw Thread	5/8"-11
Dimensions	5" x 4" x 3.5" (127x102x89mm)
Interior Range	Up to 100ft. (30m) depending upon light conditions
IP Protection Class	54
Laser Classification	Class IIIa
Laser Wavelength	635nm+/-10nm (Red)
Leveling Method	Self-leveling (Pendulum)
Maximum Power Output	Less than/Equal to 5mW
Power Supply	3 "AAA" alkaline batteries
Self-Leveling Range	+/- 6 degrees
Warranty	3 Year Warranty
Weight	1.2lbs (0.54kg)
Working Temperature	14 degrees to 113 degrees (-10 degrees celsius to +45 degrees celsius)

## APPLICATION

Cross-line lasers are versatile tools that you'll find useful for any number of leveling projects, such as hanging shelving and pictures, tiling walls, leveling cabinets, finish work and more! For everything you'll need to get your laser leveling project going, consider Johnson's self-leveling cross-line laser kit featuring this same level but packaged with laser glasses, a tripod and a hard-shelled carrying case.
