

6" Magnetic Digital Level

Model #: 40-6060
UPC: 049448060603

A digital level is an essential tool for any tradesman, and Johnson's 6" magnetic digital level has the accuracy and ease of use your jobsite demands. It features powerful GripTight™ rare earth magnets that adhere to ferrous metal surfaces. Its backlight display ensures the measurements are easy to read even in dimly lit conditions. And the measurement readings will automatically invert for convenience when you are taking overhead measurements. The level has audible level and plumb indicators for ease of use, and calibrating the tool is quick and easy at the press of a button. The level comes with a soft-sided pouch to keep your tool clean and safe when not in use.

PRODUCT DETAILS

40-6060 Includes > Magnetic digital level, 3 "AAA" alkaline batteries, and soft-sided pouch

- 5 construction languages - units of measure (degrees, percent, mm/m, in/ft in decimal, in/ft in fractional)
- Automatic digit inversion for overhead measurements
- Backlight for easy-read in dimly lit work environment
- Powerful GripTight™ rare earth magnets hold to ferrous metal surfaces

- Audible indicator at 0° and 90°

SPECIFICATIONS

Accuracy	±0.1° for 0° and 90°, and ±0.2° for 1° to 89°
IP Protection Class	IP54
Resolution	±0.1°, 0.1%, 1/8", 0.02", 1.7mm
Tripod Thread	1/4"-20
Warranty	3 Year Warranty
Working Range	0 to 90 degrees
Working Temperature	14°F-113°F

APPLICATION

This level is perfectly suited for any number of indoor and outdoor jobs, including jobsite prep, grading, piping, ramp installation, landscaping, concrete formwork and more! This digital level's strong magnets make it the preferred choice when your project involves ferrous metals, such as working with steel studs or steel reinforced concrete.
