

## Multi-Function Mount for Rotary Lasers

**Model #:** 40-6304  
**UPC:** 049448273041

Get the most out of your rotary laser level with Johnson's multi-function mount. This durable mount easily affixes your level to a wall or track, and its large hand wheel lets you make fine adjustments for perfect alignment every time. The mount features a standard 5/8" thread that is compatible with most rotary laser levels and has a graduated housing in both inches and centimeters. And storing and transporting your mount is a snap with the included soft-sided carrying case, which keeps your tool clean and safe when not in use.
