

## Pipe Laser Trivet Stand

**Model #:** 40-6391  
**UPC:** #049448063918

Simplify your next pipe grading job with Johnson's pipe laser trivet stand. Just set up your pipe laser on the stand and align the laser in the pipe or on the invert. This stand is highly versatile and can be easily adjusted to fit various types of pipe. This trivet stand also includes a slope scale, so you have everything you need to determine the elevation contrast on your jobsite. And storing and transporting your trivet stand is a snap with the included soft-sided carrying case, which keeps your tool clean and safe when not in use.
