

Electronic Self-Leveling Horizontal & Vertical Rotary Laser

Model #: 40-6526
UPC: #049448065264

Designed for the advanced laser user, this rotary laser is feature-packed to tackle any job - indoor or outdoor. It self-levels both horizontally and vertically, making vertical layout projects such as fencing, footings and drywall track quick and easy. Its electronically controlled dual-slope mode takes math out of the equation when checking grade or setting drainage. And the laser beam modes include dot, two adjustable line lengths and two rotational speeds (300 & 800 RPM).

PRODUCT DETAILS

40-6526 Includes > Laser, 4 "C" alkaline batteries, tinted glasses, and soft-sided carrying case.

- Designed for indoor and outdoor applications
- Electronically-controlled dual slope feature
- Electronic self-leveling horizontally and vertically
- Laser beam modes include dot, two adjustable line lengths and two rotational speeds
- Two rotational speeds: 300 & 800 RPM
- Visual and audible alarms when beyond leveling range
- Height of Instrument/Tilt alarm function ensures product accuracy

SPECIFICATIONS

Accuracy	±1/8"/100ft. (+/- 1.0mm/10m)
Auto-Leveling Range	±5 degrees
Battery Life	Approximately 24 hours with rechargeable battery pack; 40 hours with alkaline batteries
Center Screw Thread	5/8"-11
Dimensions	6.29" x 8.62" x 7.95"
Exterior Range	Up to 1,500 ft. diameter with detector (included in 40-6529 & 40-6534)
Interior Range	Up to 200 ft. diameter depending upon light conditions
IP Protection Class	54
Laser Classification	Class IIIa
Laser Wavelength	635nm±10nm (Red)
Leveling Method	Automatic (Electronic)
Maximum Power Output	≤5mW
Power Supply	NiMH rechargeable battery pack and 6.4V adapter (included in 40-6529 & 40-6534) or 4"C" alkaline batteries (included in 40-6526)
Remote Range	Up to 200 ft. diameter
Rotation Speeds	300 & 800 RPM
Scanning Modes	0°, 30°, 60°
Slope	±5 degrees
Warranty	3 Years
Weight	4.40 LBS
Working Temperature	14°F-113°F

APPLICATION

The electronically controlled dual-slope mode makes this laser ideal for drainage, flatwork or complex landscaping jobs. The vertical self-leveling mode makes it equally suitable for aligning posts or footings, or indoors to lay out walls or floors. One of Johnson's most advanced rotaries, this model is suitable for use in any rotary application!
