

Self-Leveling Rotary Laser Kit

Model #: 40-6532
UPC: #049448065325

Johnson's 40-6532 rotary laser system is the perfect tool for indoor and outdoor leveling jobs. The rotary features horizontal self-leveling as well as manual leveling in the vertical plane, while its split beam establishes a 90° angle. The rotary also features two laser beam modes - dot and two adjustable line lengths - making it a versatile tool for any number of applications. Accuracy is never a problem thanks to the visual and audible alarms that alert you when the rotary is beyond its leveling range and the locking compensator that protects the inner pendulum during transport. With an included NiMH rechargeable battery pack, 6.4V battery charger, battery compartment, detector and clamp, remote control, tinted glasses and hard-shell carrying case, this rotary laser system comes equipped with everything you need to get up and running! When working in brightly lit conditions, consider Johnson's 40-6543 green beam rotary laser system featuring GreenBrite® technology.

PRODUCT DETAILS

40-6532 Kit Includes > Laser, NiMH rechargeable battery pack, 6.4V battery charger, 4 "C" alkaline battery compartment (batteries not included), detector with clamp and 9V battery, remote control and 9V battery, tinted glasses, and hard-shell carrying case.

- Self-leveling in the horizontal plane
- Locking mechanism protects inner pendulum during transportation
- Manual-leveling in the vertical plane with 90 degrees split beam
- Laser beam modes include dot and two adjustable line lengths
- Visual and audible alarms when beyond leveling range

SPECIFICATIONS

Accuracy	±3/16"/100'
Battery Life	Approximately 15 hours with rechargeable battery pack; 20 hours with alkaline batteries
Center Screw Thread	5/8"-11
Dimensions	7.08" x 6.37" x 7.95"
Exterior Range	Up to 2,000 ft. diameter with detector (included in 40-6532)
Interior Range	Up to 200 ft. diameter depending upon light conditions
IP Protection Class	66
Laser Beam Modes	0°, 30°, 60°
Laser Classification	Class IIIa
Laser Wavelength	635nm±10nm (Red)
Leveling Method	Self-leveling (Pendulum)
Maximum Power Output	±5mW
Power Supply	NiMH rechargeable battery pack and 6.4V adapter (included in 40-6532)
Remote Range	Up to 200'
Rotation Speeds	150, 200, 250, 300 RPM
Self-Leveling Range	±3.5°
Warranty	3 Years
Weight	4.40 LBS
Working Temperature	14°F-113°F

APPLICATION

Ideal for indoor and outdoor jobs, this rotary laser system is a must-have for excavation, flatwork, interior layouts, drop ceilings, wainscoting, cabinet installation and more!
