

# Self-Leveling Rotary Laser Kit

**Model #:** 40-6539  
**UPC:** 049448406531

Johnson's 40-6539 rotary laser system is the perfect tool for indoor and outdoor leveling jobs. The rotary features horizontal self-leveling as well as manual leveling in the vertical plane, while its split beam establishes a 90° angle. The rotary also features two laser beam modes - dot and two adjustable line lengths - making it a versatile tool for any number of applications. Accuracy is never a problem thanks to the visual and audible alarms that alert you when the rotary is beyond its leveling range and the locking compensator that protects the inner pendulum during transport. With an included NiMH rechargeable battery pack, 6.4V battery charger, battery compartment, detector and clamp, remote control, tinted glasses and hard-shell carrying case, this rotary laser system comes equipped with everything you need to get up and running! When working in brightly lit conditions, consider Johnson's 40-6543 green beam rotary laser system featuring GreenBrite® technology.

## PRODUCT DETAILS

40-6539 Includes > Laser, NiMH rechargeable battery pack, 6.4V battery charger, 4 "C" alkaline battery compartment (batteries not included), detector with clamp and 9V battery, remote control and 9V battery, tinted glasses, and hard-shell carrying case.

- Horizontal self-leveling
- Scan mode projects laser chalk line
- Split beam establishes a 90° angle
- Manual-leveling in the vertical plane
- Includes laser detector

## SPECIFICATIONS

Accuracy	±3/16"/100'
Battery Life	15 hours continuous use with rechargeable battery pack; 20 hours with alkaline batteries
Dimensions	7.08" x 6.37" x 7.95"
Interior Range	Up to 200 ft.
IP Protection Class	66
Laser Beam Modes	0°, 30°, 60°
Laser Classification	Class IIIa
Laser Wavelength	635nm±10nm (Red)
Leveling Method	Self-Leveling (Pendulum)
Maximum Power Output	≤5mW
Power Supply	NiMH rechargeable battery pack and 6.V charger (included) or 4 "C" alkaline batteries (not included)
Rotation Speeds	150, 200, 250, 300 RPM
Self-Leveling Range	±3.5°
Warranty	3 Years
Weight	4.40 LBS
Working Temperature	14° F-113° F

## APPLICATION

Ideal for indoor and outdoor jobs, this rotary laser system is a must-have for excavation, flatwork, interior layouts, drop ceilings, wainscoting, cabinet installation and more!
