

Self-Leveling 360° Laser w/Plumb Line Kit with GreenBrite® Technology

Model #: 40-6607

UPC:

Johnson's 40-6607 Self-Leveling 360° Laser displays a full horizontal line 360 degrees around the tool, plus a plumb layout line that intersects the 360 to help you layout your jobsite quickly and accurately. It features GreenBrite® technology, making the beams 400% more visible than red beams for working in sunny or brightly lit conditions. With the included magnetic target, magnetic bracket, and tinted glasses, you'll have everything you need to get your job up and running!
