

6" Stainless Steel Metric Pocket Clip Rule

Model #: 7203
UPC: #049448720309

Conveniently small but highly accurate, Johnson's 6" pocket clip ruler is a handy measuring tool. It features a stainless steel blade with etched increments in 1/64" and millimeters as well as a metric/imperial conversion table on the back of the blade. The pocket clip allows for convenient storage, so it's always there when you need it.
