

150' Laser Distance Meter

Model #: LDM150
UPC: 049448536139

Laser distance meters accurately measure long distances in straight lines by using the reflectivity of a laser beam to calculate distance. The LDM150 is a pro-grade tool, measuring as far as 150' with 1/16" accuracy throughout the range, and is IP54 rated for use in dusty and rainy environments. This laser distance meter can measure length, area, volume, continuous and 2-Point Pythagoras (indirect) measurements.

PRODUCT DETAILS

LDM150 Includes > Laser, 2 "AAA" alkaline batteries, wrist strap, soft-sided pouch, quick start guide

- Indirect measurements: goes where a tape measure can't
- ISO tested to accuracy of 1/16"/150'
- 4 measurement modes: Length (single or continuous), Area, Volume and 2-Point Pythagoras
- IP54 Rating
- Backlit display for easy reading

SPECIFICATIONS

Accuracy	±1/16"/150'
Battery Life	10 hours/10,000 measurements
Interior Range	2"-150'
IP Protection Class	54
Laser Classification	Class II
Laser Wavelength	650nm±10nm
Maximum Power Output	≤1mW
Power Supply	2 "AAA" alkaline batteries
Warranty	2 Year Warranty
Working Range	2"-150'
Working Temperature	23°F-104°F

APPLICATION

LDMs measure where a tape measure can't! The LDM150 is useful for estimating paint or flooring measurements, measuring the heights of walls and trusses, calculating warehouse space, taking indirect measurements and more!
