

# EASY-STACK®

## CABLE STACKER

Easy-Stack® Cable Stacker is easy to load and can be installed quickly for a variety of applications, increasing productivity. Cables are self-securing and snap in place no matter what angle the fixture is mounted – even upside down. Designed to handle wires or cables up to 7/16” in diameter, it has the durability and strength to be installed and re-installed to accommodate change orders.

- A** Cables are self-securing – no snap to close.
- B** Strong enough to be installed and re-installed as needed.
- C** Can be installed with a nail, staple or screw (included) for application into wood or metal studs.
