

SCANGRIP DIFFUSER

Diffuse your SCANGRIP work lights

The light diffuser is designed to spread and soften the light, enabling you to illuminate an entire workspace and avoiding hard shadows. It gives you increased functionality and new possibilities to adapt your work light even further to the specific work task.

The cover is incredibly smooth and lightweight. The strong built-in magnets make it easy and safe to mount the cover on your SCANGRIP lamp.

Fits:

- 03.5440 NOVA 3K
- 03.5441 NOVA 3K C+R
- 03.6000 NOVA 4 SPS
- 03.6101 NOVA 4 CAS
- 03.5653 MULTIMATCH 3

- Spreads and softens the light avoiding hard shadows
- Illuminates the entire working area - even into the darkest corner
- Minimizes reflections and harsh light
- Reduces blinding

Easy and safe mounting with strong magnets
