Quick guide for the SCANGRIP APP

Table of contents

1. Settings

Settings
Enable or disable notification of low
battery or adjust the time in which
the app scans for new lamps.

Consent
Review and change your consent to gathering of
analytical and crash data.

Web Site
Press to access our Web site.

Privacy policy
Press to read the privacy policy.

Help
Press to access the Scangrip App Quick Guide.

2. Scanning and connecting

Lamp status
Is shown when an active connection is made. Displays power status and if the lamp has PIN lock enabled.

Select up to 4 lamps
Select a lamp by pressing their name or the yellow selection dot.
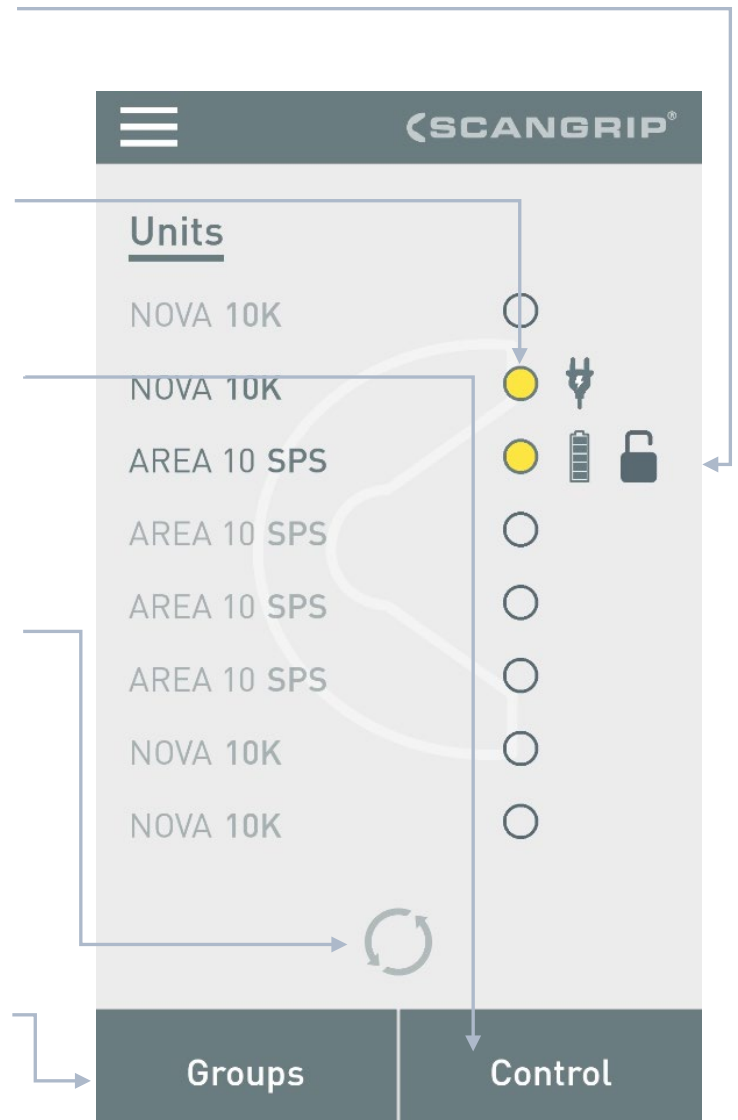

Control › Lamp
Press "Control" and select a lamp to control one of the connected lights.

Refresh/Scan
Press the update icon or swipe down to update the list of lamps.

Groups
Press "Groups" to access Groups screen. Can also be accessed by swiping to the left.

3. Group function

## 3.1.Units screen

Select up to 4 lamps
Select a lamp by pressing name or
the yellow selection dot.
NOVA 10K, NOVA SPS and NOVA CAS lamps can be
grouped. So can AREA 10 SPS and AREA 10 CAS.
Other models can only be grouped
with lamps from the same series.

Control -> Create group
Press "Control" and select "Create group"
to create a group with the connected lights.

Groups
Press "Groups" to access Groups screen.
Can also be accessed by swiping to
the left.

3.2.Groups screen

Control
Press to control or delete the selected group.

Group selection
Select a group by pressing name or the yellow selection dot.

Units screen
Press to access Units screen.

3.3.Group control screen – Work lights

On/Off synchronization
The first press of the button turns
on the lamps and synchronizes the
group to the chosen setting.

Light icon
Will be off until first press on On/Off,
no matter if a lamp in the group is on.

Sliders
Values will not be sent to lamps until the
group is turned on.
If a lamp with OPTI Light is included, enabling
this will set all without it to 100% brightness
to ensure sufficient lighting.

Rename
Press to change the group name in the app.

Groups
Press to access Groups screen.

3.4.Group control screen – UV lamps

On/Off synchronization
Pressing turns off all lamps if any is on.
Otherwise, pressing will enter the warning screen for the user to confirm before turning on all connected lamps with the set curing time.

Light icon
Will be on whenever a lamp in the group is on.

Remaining curing time
Display set curing time when off and counts down during curing.
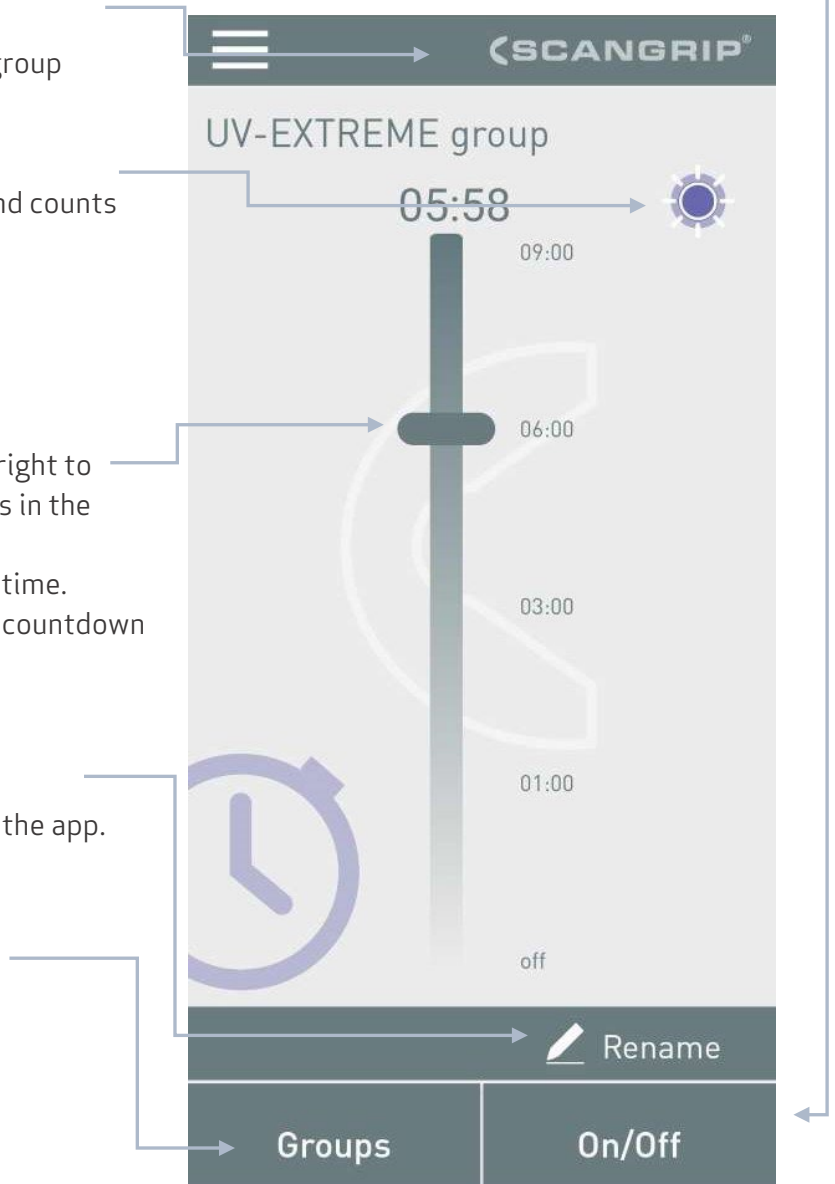

Curing time slider
Adjust slider or press value to the right to change the curing time for all lamps in the group.
Slider moves down with remaining time.
Changing while curing restarts the countdown from that value.

Rename
Press to change the group name in the app.

Groups
Press to access Groups screen.
